**Join  
the working group  
for clowns**

The working group for clowns serves  
to bring together colleagues in this field of work  
meet,  
get to know each other,  
exchange ideas and  
inspire each other.

One instrument of exchange is the PDF magazine 'red nose'.  
It is published as occasion demands.

What emerges through the working group and 'red nose',  
depends on the commitment of all those involved.

The working group for clowns was formed  
within the framework of the  
Section for the Performing Arts at the Goetheanum.

Anyone who would like to join the working group,  
who would like to know more about the working group  
please contact

Sebastian Jüngel
